International Conference on Digitalization and Cyber Security: Challenges, Opportunities and Way Forward

Aug 10, 2020 10:00 AM

Islamabad, Karachi, Tashkent

[Every day, until Aug 12, 2020, 3 occurrence\(s\)](#)

Webinar ID 825 0555 9096

Thank you for your interest in the International Conference hosted by Virtual University (VU). VU is Pakistan's first University based completely on modern Information and Communication Technologies which was established by the Government to provide extremely affordable world class education.

As IT has assumed a central and enabling role in the emerging dynamics of a knowledge society, the conference will provide an opportunity for highlighting the challenges and solutions for way forward in the field of Digitalization and Cyber Security and its role in shaping the Digital ecosystem in the country. Talks and discussions by various stakeholders including policy makers, industrial experts and academicians will help to figure out the essential
