

**Indus University proudly participated in a collaborative dialogue organized by HEC's Quality Assurance Agency and AKU's QTL\_net, focused on strengthening quality assurance practices in higher education.**

Held at AKU's Karachi campus, the event brought together academic leaders from institutions across Sindh, Karachi, and Balochistan to explore the implementation of HEC's revised Quality Assurance Framework. It was a valuable opportunity to reflect on progress, share best practices, and discuss strategies for continuous improvement.

Indus University remains committed to advancing a strong quality culture and contributing to national efforts aimed at enhancing academic excellence and institutional accountability.
