Profile:

Dr. Hummaira Jabeen is an accomplished academic with a PhD in **Management Sciences**, specializing in **Macro-Economics** from **Isra University**, Hyderabad, Pakistan. She is currently serving as an **Assistant Professor and Chairperson** at **Indus University**, Karachi, where she has held various leadership positions since 2022, including **Program Manager** and **Cluster Head** for Finance and Economics. Dr. Jabeen's academic journey began with a **BBA** and **MBA** in Finance from Isra University. Her extensive experience spans both teaching and administration, with a strong background in curriculum development, research guidance, and faculty capacity building. Her research focuses on financial markets, particularly the effects of monetary policies and financial conditions on emerging markets. She has contributed to various **peer-reviewed journals**, such as the *Journal of Policy Research* and *Indian Journal of Science and Technology*, with publications covering a wide range of topics in finance, economics, and management. Dr. Jabeen has also participated in international conferences and has been a **visiting scholar** at **Ball State University, USA**. Her dedication to academic excellence is reflected in her involvement in **faculty training seminars** and curriculum development workshops. She has also conducted numerous training sessions on topics such as research methodology, business planning, and accounting. Through her work, Dr. Jabeen continues to make a significant impact on the academic and professional development of her students and peers in the field of business and economics.
